

Finally our website is up and running after some major technical issues so this is my first President report for this year, as they say better late than never. Preston Tully is our new webmaster and our thanks go out to Neil Skillen for managing the site since its inception.

On Saturday 8th May at Souths Leagues Club, Hunter District Cycling Club is hosting a fundraising event for Brian Radcliff who was seriously injured on the Velodrome last year. I encourage all of our members to get behind the event it's a great chance to catch up with riders as well as raising funds to assist with Brian's ongoing care. Flyers will be posted around the club for further information.

Congratulations go out to Scott Weaver, Mal Stark and Ken Hatch for their recent success at CD race at Blackhill. So until my next report ride safely.
