

Just a reminder to everyone about the need to take caution with the road works. The rough surface and ridges on the roadway don't make it easy but I am sure you will agree when it is finally completed it will be great. It is important for all riders to be on the line for the race briefing to listen to any specific instructions about the course, it is for your safety and the riders around you.

It's wonderful to see HVV club members doing well at state events. Recently we had 6 teams enter the TTT and although we didn't medal it was great to have teams entered this year. Conor Gilligan and Anna Mountford had strong performances last weekend at the Gunnedah to Tamworth race so well done girls.

At the recent CD grade championships we had Brian Atkins, Peter Jones John Laing and Garin Dury win medals in their respective grades.

Sunday saw the running of the mass start event it is in part to determine the overall club champion. Most riders went home prior to the completion of the race which saw 1<sup>st</sup> Tony Heaney, 2<sup>nd</sup> Jeff Pretto 3<sup>rd</sup> Peter Purcell 4<sup>th</sup> Scott Weavers. Well done to all the riders who participated in the mass start they are the strong men of the club racing over 8 laps.
